STUDENT SCHOLARSHIPS

The Alliance for Historic Landscape Preservation announces the availability of Student Scholarships for its annual conference in Detroit, Michigan, USA

May 23 – 25, 2019

DETROIT AS A CULTURAL LANDSCAPE PALIMPSEST

The Alliance for Historic Landscape Preservation (AHLP) is pleased to announce that its 41st annual meeting will be held in Detroit, Michigan, on the theme of *Detroit as a Cultural Landscape Palimpsest*. The AHLP invites students to participate by presenting papers or sharing summaries of their work regarding cultural landscape conservation and preservation. We especially encourage students to submit proposals that focus on the landscapes of Detroit and its environs, but we also welcome proposals that address broader conference themes such as the role and significance of Native American and Indigenous Peoples and their inhabitation and use of the larger landscape; reflections on race, ethnicity, racial equality, social justice and civil rights in urban landscapes; expressions of urbanized ethnicities within the landscape; African American cultural landscapes; contested, political and militarized landscapes (including the concept of *borderlands*); the lasting legacy of landscape as sites of industrial production; erasure and/or re-inscribing of land usage; and issues of urban renewal, urban redesign, innovation and resilience. Up to two scholarships are available to assist students in attending and presenting research at the annual meeting.

Scholarship Details:
